

KARMANOS BREAST CANCER UPDATES FOR MEDICAL PROVIDERS

SEPTEMBER 2021 - JANUARY 2022

Purpose and Targeted Audience:

The conference will focus on one or more clinical issues, the treatment decisions and how those decisions relate to patient outcomes. The attendee not only learns the latest techniques and tools to more effectively and efficiently diagnose and treat a disease, but also techniques and tools that may be either inefficient or result in grave danger to the patient. By presenting the research-based knowledge in conjunction with clinical scenarios, the participants will be able to apply the new knowledge into their clinical practices. This program is designed for the internal medicine patient care team including the primary care physicians and physicians in training.

Accreditation Statement:

In support of improving patient care, McLaren Health Care is jointly accredited by the American Council for Continuing Medical Education (ACCME), the accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the health care team.

AMA Designation Statement:

The McLaren Health Care designates this educational activity for a maximum of 1 PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AOA Accreditation:

This program is anticipated to offer 1 hours of AOA Category 1-A CME credit, pending the approval of the AOA Council on Continuing Medical Education.

VIRTUAL CME EVENTS

YOUR BEST CHANCE.

SCHEDULE

September 23, 2021

5 - 6 p.m.

Breast Cancer Pearls for the Primary Care Physician/Neoadjuvant Chemotherapy: Why Rushing to Surgery First May Not be the Best Option

Presented by: Jailan Elayoubi, M.D. and Lydia Choi, M.D.

Objectives

- Understand patient selection for neoadjuvant chemotherapy
- Understand benefits of neoadjuvant chemotherapy for triple negative breast cancer and HER2 positive breast cancer
- Understand neoadjuvant chemotherapy in hormone positive cancer
- Understand the role of the primary care physician in educating patients through the whole process (googling facts, myths vs. reality, etc.)

October 21, 2021

5 - 6 p.m.

Overview of the Indications for Radiation Treatment with Standard Fractionation Versus Hypofractionation for Both Early Stage Breast Cancer and Locally Advanced Breast Cancer

Presented by: Arthur Frazier, M.D., FACRO

Objectives

- Overview of the clinical data regarding post lumpectomy radiation therapy in patients with early stage breast cancer
- Indications for hypofractionation vs. standard fractionation for breast radiotherapy
- Indications for post mastectomy radiotherapy
- Analysis of recent literature and available clinical data regarding hypofractionated radiotherapy to the chest wall and draining lymphatics after mastectomy

November 18, 2021

5 - 6 p.m.

A Review of Research on Disparities in the Care of Black & White Patients with Cancer in Detroit

Presented by: Michael Simon, M.D., MPH

Objectives

- To understand racial differences in cancer incidence and mortality
- To understand racial differences in cancer care by primary site with a focus on breast cancer
- To understand the impact of other factors on racial disparities in cancer outcomes including comorbidities
- To consider interventions that might diminish or eliminate racial barriers to cancer care

January 20, 2022

5 - 6 p.m.

The Journey of a Breast Cancer Survivor - a Management Treatise Between the Patient and Providers

Presented by: Usha Chamarthy, M.D.

Objectives

- Identifying survivorship status in all stages of breast cancer
- Identifying short-term and long-term problems associated with breast cancer treatments
- Personalized preventive and strategies for management
- Updates and discussion regarding prognosis and QOL

SPEAKERS

Jailan Elayoubi, M.D.

Member, Breast Cancer Multidisciplinary Team
Barbara Ann Karmanos Cancer Institute

Lydia Choi, M.D.

Member, Breast Cancer Multidisciplinary Team
Barbara Ann Karmanos Cancer Institute
Assistant Professor of Surgery, Department of Oncology at Wayne State University
School of Medicine

Arthur Frazier, M.D., FACRO

Radiation Oncologist
Barbara Ann Karmanos Cancer Institute at McLaren Macomb, Ted B. Wahby Cancer Center

Michael Simon, M.D., MPH

Program Director
Co-Leader, Breast Cancer Multidisciplinary Team
Medical Director, Cancer Genetic Counseling Service
Barbara Ann Karmanos Cancer Institute
Professor of Oncology at Wayne State University School of Medicine

Usha Chamarthy, M.D.

Member, Breast Cancer Multidisciplinary Team
Barbara Ann Karmanos Cancer Institute at McLaren Bay Region and McLaren Central
Michigan, Morey Cancer Center
