

MEMBERSHIP PRIVILEGES AND RENEWAL CRITERIA

Membership at the Karmanos Cancer Institute (KCI) is an important distinction reserved for those researchers and clinicians actively interested in cancer-related research and cancer care. This interest is evidenced by active participation in research, teaching, clinical investigation, clinical care, cancer control and community outreach activity.

Membership at KCI includes many privileges, such as:

- Priority for Shared Resource (Core) services
- Clinical research support for protocol management
- Eligible to apply for development funds, including KCI Strategic Research Initiative Grants (pilot funding)
- Attendance at KCI-sponsored events, including retreats, seminars, and Program meetings
- Newsletters, email list serve recipient

Renewal of membership (annually) shall be based upon productivity and participation in KCI activities, including:

- Regular and documented attendance at Program meetings, retreats, and KCI Grand Rounds seminar
- Provision of annual scientific progress reports to respective Program Leader
- Record of cancer-related grant submissions
- Documentation of significant patient referral and/or enrollment onto KCI clinical trials
- Acknowledgement of the use of CCSG Shared Resources (Cores) in research publications
- Academic appointment in good standing

Following receipt of the completed application materials, prospective members are expected to meet with the leader of the Program they wish to join to discuss their involvement in KCI. The Program Leader will then present the application to the KCI Scientific Leadership Council, who will review and vote on membership.

GENERAL INFORMATION

Name of Applicant: _____

Department: _____ Phone/Fax: _____

Mailing Address: _____ Mailcode (if applicable): _____

E-Mail Address: _____

eRA Commons username: _____

ORCID iD: _____

DEGREES

Please select: M.D. Ph.D. Other, please specify: _____

FACULTY APPOINTMENT

Please select: Full Professor Associate Professor Assistant Professor

Other, please specify: _____

Faculty Appointment Date: _____

STATEMENT OF CANCER-RELEVANT RESEARCH INTERESTS (This will be displayed on the cancer center website)

CANCER CENTER PROGRAM

Please select one:

| ✓ | Cancer Center Program | Program Leader / Co-Leader(s) |
|---|---|--|
| | Tumor Biology and Microenvironment (TBM) | Kay-Uwe Wagner, PhD wagnerk@karmanos.org Asfar Azmi, PhD azmia@karmanos.org |
| | Molecular Imaging (MI) | Nerissa Viola, PhD violan@karmanos.org Anthony Shields, MD, PhD shieldsa@karmanos.org |
| | Molecular Therapeutics (MT) | Larry Matherly, PhD matherly@karmanos.org Philip Philip, MD, PhD philipp@karmanos.org Jeffrey Zonder, MD zonderj@karmanos.org |
| | Population Studies and Disparities Research (PSDR) | Jennifer Beebe-Dimmer, PhD dimmerj@karmanos.org Felicity Harper, PhD harperf@karmanos.org |

CLINICAL SPECIALTY (for clinicians only)

| ✓ | Multidisciplinary Team | Multidisciplinary Team Leader(s) | Email |
|---|------------------------------------|--|---|
| | Bone Marrow Transplantation | Voravit Ratanatharathorn, MD Joseph Uberti, MD, PhD | ratanath@karmanos.org ubertij@karmanos.org |
| | Breast Cancer | Michael Simon, MD Eric Brown, MD | simonm@karmanos.org browne@karmanos.org |
| | Gastrointestinal Oncology | Philip Philip, MD | philipp@karmanos.org |
| | Genitourinary Oncology | Elisabeth Heath, MD | heathe@karmanos.org |
| | Gynecologic Oncology | Robert Morris, MD | rmorris@med.wayne.edu |
| | Head & Neck Oncology | Ammar Sukari, MD | sukaria@karmanos.org |
| | Leukemia/Lymphoma | Jay Yang, MD (interim) | yangj@karmanos.org |
| | Melanoma / Skin | Lawrence Flaherty, MD | flaherty@karmanos.org |
| | Myeloma | Jeffrey Zonder, MD | zonderj@karmanos.org |
| | Neuro-Oncology | Michael Dominello, DO | mdominel@med.wayne.edu |
| | Pediatric Oncology | Jeffrey Taub, MD | jtaub@med.wayne.edu |
| | Phase I Clinical | Anthony Shields, MD, PhD (interim) | shieldsa@karmanos.org |
| | Sarcoma Oncology | Alysia Kemp, MD | kempa@karmanos.org |
| | Supportive Oncology | Michael Stellini, MD | mstellini@med.wayne.edu |
| | Thoracic Oncology | Gerold Bepler, MD, PhD | beplerg@karmanos.org |

SHARED RESOURCES/ CORES you anticipate using

| ✓ | Shared Resource | Description | Shared Resource Director(s) |
|---|--|---|---|
| | Animal Model and Therapeutics Evaluation | Provides expert scientific consultation, technical expertise and access to a wide breadth of relevant tumor models and associated animal-related services. | Lisa Polin, PhD polinl@karmanos.org |
| | Behavioral and Field Research | Translates research findings from the behavioral sciences into useful formats to examine the impact of human behavior on the clinical or research problem at hand. | Felicity Harper, PhD harperf@karmanos.org |
| | Biobanking and Correlative Sciences | Facilitates research activities requiring IRB-approved access to patient tissue. Facilitates clinical studies by reviewing protocols, managing tissue specimens and linking radiology and biopsies to CTO. Assists with preclinical assays and study development. | Julie Boerner, PhD boernerj@karmanos.org |
| | Biostatistics and Bioinformatics | Provides biostatistics expertise to ensure scientific questions are framed for precise and efficient answers and to ensure accurate and valid conclusions. Provides bioinformatics expertise to ensure computationally efficient and informative analyses. | Judith Abrams, PhD abramsj@karmanos.org Sorin Draghici, PhD sdraghic@med.wayne.edu |
| | Cyclotron-Radiochemistry (developing) | Develops and produces radiotracers for pre-clinical and clinical research | Huailei (Ray) Jiang, PhD jiangh@karmanos.org |
| | Epidemiology Research | Supports population-based research by accessing Metropolitan Detroit Cancer Surveillance System cancer cases and their data for use in approved research. | Jennifer Beebe-Dimmer, PhD dimmerj@karmanos.org |
| | Microscopy, Imaging and Cytometry Resources | Provides expert scientific consultation and access to state-of-the-art instrumentation for research requiring confocal microscopy, flow cytometry, small animal imaging and related techniques | Kamiar Moin, PhD kmoin@wayne.edu |
| | Pharmacology and Metabolomics | Provides state-of-the-art bioanalytic technology and a broad range of pharmacology expertise to enable evaluation of critical pharmacological endpoints in clinical trials and preclinical studies. | Jing Li, PhD LiJing@wayne.edu |
| | Proteomics | Provides the equipment and expertise necessary for analysis of cellular protein composition and protein-protein interactions. | Paul Stemmer, PhD pmstemmer@wayne.edu |

REQUIRED ATTACHMENTS

- NIH-formatted biosketch (follow most recent NIH guidelines)
- Curriculum vitae, including last 10 years of publications and grant/contract support

SIGNATURES

I agree with the Membership Privileges and Renewal Criteria and am interested in joining the Karmanos Cancer Institute.
