

# Community Conversations on Cancer

## The Next Breakthrough in Cancer: Treatment with Radiofrequencies

**Wednesday, May 28, 2025, 6-7PM**

Attend in-person or online!

**In-person:** Detroit Public Library (Main Branch)

5201 Woodward Avenue, Detroit, MI

**Light refreshments will be provided.**

**Online:** Via Zoom

Join us for a **Community Conversation on Cancer** led by Dr. Boris Pasche, where he will discuss development of a new treatment for cancer based on the discovery of tumor-specific radiofrequencies (similar to electric signals used in cell phone communications) in patients with cancer.

**Boris Pasche, M.D., Ph.D., FACP**

President and CEO

Karmanos Cancer Institute
